**5152.245-9001 Government property for installation support services (cost-reimbursement contracts).**

As prescribed in 5145.302-3(S-91), insert the following clause:

**GOVERNMENT PROPERTY FOR INSTALLATION SUPPORT SERVICES (COST-REIMBURSEMENT CONTRACTS) (OCT 1989) (DEV)**

(a) *Government-furnished property.* The Government property listed at Technical Exhibit \_\_\_\_\_ is provided to the contractor for use in the performance of this contract for installation support services. This property will be used, maintained and administered by the Contractor until it is no longer required by the Contractor. Cessation of such use of the property, and subsequent turn-in, must be approved by the Contracting Officer. The Contracting Officer will provide the Contractor with appropriate disposition instructions. The Contractor will continue to perform following such disposition with Contractor-owned property. No equitable adjustment or claim will be payable resulting from turn-in or unsuitability for intended use of this property. No change to this contract is indicated by approval of turn-in of the property. No delay claim or performance delay will be allowed based on unsuitability of property or turn-in. The Contractor's proposal includes an estimate of the costs for providing its own property for the period following turn-in of Government property.

(b) *Changes in Government-furnished property.* The Contracting Officer may, by written notice, decrease the Government-furnished property or substitute other property for the property being used by the contractor. In the case of this withdrawal of property by the Contracting Officer, an equitable adjustment may be appropriate. Nevertheless, even in the case of such withdrawal, the Contractor is obligated to continue performance under this contract.

(c) *Title in Government Property.* (1) Title to the Property shall remain in the Government. Title to parts replaced by the Contractor in carrying out its normal maintenance obligations under paragraph (g) of this clause shall pass to and vest in the Government upon completion of their installation in the property.

(2) Title to the property shall not be affected by their incorporation into or attachment to any property not owned by the Gov-

The Contractor shall keep the property free and clear of all liens and encumbrances and, except as otherwise authorized by this contract or by the Contracting Officer, shall not remove or otherwise part with possession of, or permit the use by others of any of the property.

(3) The Contractor may, with the written approval of the Contracting Officer, install, arrange, or rearrange, on Government furnished premises, readily removable machinery, equipment and other items belonging to the Contractor. Title to any such item shall remain in the Contractor even though it may be attached to real property owned by the Government, unless the Contracting Officer determines that it is so permanently attached that removal would cause substantial injury to Government property.

(4) The Contractor shall not construct or install, at its own expense, any fixed improvement or structural alterations in Government buildings or other real property without advance written approval of the Contracting Officer. Fixed improvement or structural alterations as used herein, means any alteration or improvement in the nature of the building or other real property that, after completion, cannot be removed without substantial loss of value or damage to the premises. The term does not include foundations for production equipment.

(d) *Location of the property.* The Contractor may use the property only at the installation location(s) specified in the schedule. Written approval of the Contracting Officer is required prior to moving the property to any other location. In granting this approval, the Contracting Officer may prescribe such terms and conditions as may be deemed necessary for protecting the Government's interest in the property involved. Those terms and conditions shall take precedence over any conflicting provisions of this contract.

(e) *Notice of use of the property.* The Contractor shall notify the Contracting Officer in writing whenever any item of the property is no longer needed or usable for performing under this contract. The contracting officer will then make a decision as to disposition if agreement is reached with the Contractor that the property is no longer usable or suitable for its intended use.

(f) *Property Control.* The Contractor shall maintain property control procedures and records, and a system of identification of the property, in accordance with the provisions of FAR subpart 45.5 in effect on the date of this contract.

(g) *Maintenance.* (1) Except as otherwise provided in the Schedule, the Contractor shall protect, preserve, maintain (including normal parts replacement), and repair the
